Save the Date

On Friday, February 26th, we'll hold a synchronous, virtual conference. This will take the place of our usual statewide fall and regional spring conferences. We'll have concurrent sessions focused on transition courses, co-requisite courses, growth mindset and affective aspects, equity, and best practices for online teaching.

There is no registration fee for the conference. If you are not yet a member, please consider joining our organization for a chance to access additional conference features such as a raffle and session recordings. Your membership also allows us to continue providing support for faculty, staff, and administrators dedicated to student success. A link to the membership application is available to the left.

Congratulations to our Award Winners!

Dr. Alain Miatudila Sr. from Central Piedmont Community College is the 2020 NCOSS Outstanding Alumnus of a Student Success Program.

Julie Faucet from Wayne Community College is the 2020 Hilda P. Barrow Outstanding Educator in a Student Success Program.

Please see the important links on the first page for more information about our winners and to nominate a colleague for our 2021 awards.

Reminders

- Save the date of February 26th for our conference.
- Register and submit proposals by December 22nd.
 - Become a member (if you are not already!).
 - Nominate colleagues for NCOSS awards.

Thank you for your continued support of faculty and students.
