Save the Date

On Friday, October 8th, we'll hold a synchronous, virtual conference. This will take the place of our usual statewide fall conference in Greensboro. We'll have concurrent sessions focused on transition courses, co-requisite courses, growth mindset and affective aspects, equity, and best practices for online teaching.

By-Laws Revision

It is once again time to review our By-Laws. This round, we've added a Historian position to the board to ensure continuity and fidelity to the organization's mission. Please review the attached revised By-Laws and [vote](#).

Recognize Your Colleagues!

Please consider nominating one of your exceptional colleagues or students for an NCOSS award.
