

## **NOSS Chapter OATH OF OFFICE**

---

**It is my privilege as NOSS \_\_\_\_\_ to install the incoming Executive Board of the \_\_\_\_\_ Chapter of the National Organization for Student Success. The newly elected Board members will publicly pledge their oath of service to the organization. Board members continuing for the next year are asked to publicly re-confirm this oath of service as well.**

**Will all members of the incoming (insert year) Executive Board for \_\_\_\_\_ please stand?**

**There is no greater privilege than aspiring to serve others in our profession or community. Leaders are stewards of the organization. Their highest concern should be for the support and development of individuals in the group. These chapter members have shown confidence in the skills you bring to your elected role on the Executive Board, but you will become even stronger and more skilled as you conscientiously perform your responsibilities. You are about to embark upon a great time of service to others and tremendous personal and professional growth for yourself. Enjoy this time in your life. It is a great adventure.**

**Treasurer, \_\_\_\_\_, budgetary management is your responsibility—making sure that chapter income always exceeds its expenses and keeping the president aware of the financial status, is your charge.**

**Secretary, \_\_\_\_\_, keeping thorough records and disseminating correspondence for the Executive Board is your role. You will store the documents of chapter history and maintain written verification of current business for present and future reference.**

**Vice-president, \_\_\_\_\_, you are a symbol of service and support at the annual conference, adding new ideas and encouraging the conference planners.**

**President-elect, \_\_\_\_\_, you will serve by supporting the Chapter President by presiding or leading when asked, and by focusing on continued plans for the following year when you move into the presidency.**

**President, \_\_\_\_\_, you are given the privilege of leading by word and action. Only those who have had this opportunity of service can fully appreciate the awesome responsibility that comes with this position. You will preside at all meetings of the members and Executive Board. The president shall have the general power and management as designated in the Chapter Constitution.**

**Officers, if you accept this challenge and these responsibilities, please raise your right hand and say, "I do."**

**Chapter members, your obligation is to be an active member in the organization, work with your Executive Board to meet goals and challenges, and to support them. If you will pledge yourselves to the performance of your duties to the association and your elected Executive Board members, please say, "I do."**

**This promises to be a great year with this organization. By the powers vested in me as NOSS \_\_\_\_\_, I declare you duly installed Executive Board members for the \_\_\_\_\_ chapter of NOSS.**
